The HH Boat Parade doesn't just happen but requires endless planning and money for advertising, trophies, printing, etc. It is only when we receive money above our expenses that we reach our goal of raising money for on-going preservation/restoration efforts at the Huntington Lighthouse. Our minimum donation is \$50, but any donation above and beyond would be much appreciated. T-shirts sales are also part of fundraising so PLEASE place orders for your friends & family.

Thank You for helping us light up the harbor and making this event a success.
